

Protea[™] Collection Data and Installation Sheet (Table Lamp)

Materials TimberVeneer, MDF, Metal, Plastic, Cloth

Suspension Single ES E27 Lampholder with Electrical Flex and Plug.

Dimensions 300 Overall Ø; 300 H (mm)

Lamp Type 240 Volt: Single ES E27 Lamp

Max. 15 Watt Compact Fluorescent / Max. 28 Watt Eco Halogen / Max. 8 Watt LED.

Check lamp type for suitability with dimming. Please ensure lamps are purchased from quality lamp manufacturers such as Philips or Osram. Low quality lamps may not perform as well.

Lamps not included. Frosted, warm colour temperature, decorative lamps recommended. To change lamps, always switch off power to light fitting, then unscrew lamp from lampholder and replace with same type. Make sure lamps are secured into lampholder prior to light operation.

Installation

- 1 Be extremely careful when handling the timber blades as materials are delicate and can scuff easily. Before removing from packing box, please check if fitting is strapped to the base of the box. Use two hands and only pick up the shade from the central spider disks, as the blades are fragile and will split easily. Please leave protective plastic cover on fitting while preparing for installation.
DO NOT stack the fittings once they are unpacked from their boxes, as the weight of the stack will damage and split the fragile timber blades.
- 2 Undo skirt on lampholder and slide through centre of the shade. Once in place, screw lampholder skirt back on. Do not over-tighten as this may strip the thread on the lampholder.
- 3 Do not apply force to shades or fixture and remember to remove protective plastic cover prior to turning on.

Important Safety Instructions

- Lit lamps are extremely hot! Use switch or plug when turning light fitting on or off.
- You must turn off power to fitting and allow lamp to cool down before replacing. Only switch power on once lamp is secured into lampholder.
- Keep fixture away from flammable objects or materials that may burn.
- Remove dust and insects from lamp and surfaces regularly.

Please contact Satelight if you have any questions regarding the steps included in this data sheet. As this luminaire can be customised, installation details may vary from this standard data sheet. Install in conjunction with your delivery docket.

- Cleaning**
- Do not use abrasive cleaning materials on fixture. Do not wipe fitting surfaces with wet cloth. Dust only.
 - Please be aware that the shade materials are delicate and can scuff or mark easily.
