hadron - i pendant
aëon_{L.E.D.} 24 Volt LED Flexible Strip

All dimensions are in millimetres

The Hadron-i is designed to be a minimal light source, which can be used to showcase an object, light an apartment with low ceiling heights, to name a few. Using LED strip, the Hadron-i is a low wattage solution, perfect for cost sensitive projects. The Hadron-i ring is available in Black or White finish. Custom powdercoat colours and larger sizes are available upon request.
