LED Linear Modules  
*(Wattage and output determined by length specified)*

All dimensions are in millimetres

The Aria linear lights utilise LED technology and designed for interior/dry area use. Available in White, Black and Natural Silver finishes, this fitting can also be DALI, DSI or SwitchDIM controllable upon request. For custom long lengths, a seamless bracket joining system will allow for a smart continuous look. IES files are also available and this luminaire is Zhaga compliant.
