**nord XL pendant**

Compact Fluorescent ES Lamp (20w max.)

Eco Halogen ES Lamp (53w max.)

LED ES Lamp (12w max.)

All dimensions are in millimetres

For something a little larger, the Nord XL keeps that contemporary cool and industrial appeal. The articulated joint allows the head to adjust, but not quite as much as its little sister. The Nord XL pendant is finished in a satin black with an internal silver reflector and black cloth covered electrical cable.
